Denotes seminars conducted by Texas Junior Golf Tour

The AJGA recognizes the complexity in deciding which competitions represent the best paths to national junior golf. What's more, which competitions offer the best opportunity for exposure to college golf scholarships. In rewarding players' performances in state and regional championships and tours, we have attempted to define a clear path to achieve your goals.

Through our program of "Navigating Competitive Junior Golf," we look to simplify the landscape and provide valuable information to parents and juniors.

Along with the support of the Texas Legends Junior Tour, the AJGA encourages you to take a one-hour journey through the world of junior golf. The trek will consist of learning which level of golf is right for your junior golfer, about the opportunities available and how to gain entry into an AJGA event.

The program is geared more to parents, but juniors are welcome to attend. The presentation has something for the player new to competitive junior golf and valuable information for seasoned players. It is a great opportunity to learn, develop and grow your knowledge of junior golf.

The program is open to any parent/player whether a member of the AJGA or not. We can assure you your time will be well spent. No registration required.
